

## Meningitis Immunization Acknowledgement

Resident Students and Their Parents:

The Commonwealth of Pennsylvania requires that students living in a dorm (or residence facilities) in Pennsylvania be vaccinated against meningitis or sign a waiver declining such immunization.

Antonelli Institute does not require a meningitis vaccination at this time. We do, however, strongly recommend you consult your family physician about obtaining such a vaccination prior to beginning classes.

Students under the age of 18 will need to have the waiver signed by a parent or guardian.

I have read and understand the above and I am doing the following:

( ) I have obtained the vaccination and am providing you with documentation that the vaccination has been administered.

( ) I am waiving the immunization.
